FITTED INTERIORS & BUILDING MAINTENANCE

YEAR 13

*NOCN Cskills Awards Level 2 Diploma
Fitted Interiors
Award Code: DIP078*

The Level 2 Diploma in Fitted Interiors qualification has been developed to be assessed against a set of performance and knowledge statements which have been derived from National Occupational Standards for this occupational area. You will be trained and assessed by an occupationally competent and qualified trainer whose job is to help you complete your qualification.

This qualification enables you to demonstrate and recognise your skills, knowledge and understanding so you can work as an Installer within the construction industry.

This qualification supports the learner to attain enabling, fundamental and transferable practical skills with associated underpinning knowledge.

This qualification comprises the following 5 mandatory units:

- Health, safety and welfare in construction and associated industries
- Understanding information, quantities and communication with others
- Understanding construction technology
- Install fitted furniture
- Install basic plumbing

Is this for me?

The sixth form courses have been introduced to offer experience of a wide range of practical skills and construction knowledge with a clear progression route to a Trade/Craft Apprenticeship and training at Level 2 or 3.

Entry Requirements:

There are no formal entry requirements to take these qualifications. They can be undertaken without any previous training or qualifications in this subject area.

What will I do?

YEAR 12

*NOCN Cskills Awards Level 2 Diploma
Building Maintenance, Multi-trade Repair
and Refurbishment Operations
Award Code: DIP074*

This qualification enables you, the learner, to demonstrate and recognise your skills, knowledge and understanding so you can work as a Maintenance Operative within the construction industry.

The learner will cover knowledge on three core subject areas:

- Health, safety and welfare
- Information, quantities and communication
- Construction technology.

The Learner will also learn key practical skills and knowledge in:

- Erecting and dismantling access equipment and working platforms
- Developing customer relationships
- Masonry repairs
- Painting and decorating repairs
- Plastering repairs
- Plumbing repairs
- Wood repairs
- Tiling repairs
- Roofing repairs
